## Abstract

In the article East of thinker's education, manners issues views about the word held. Also East of thinkers creative in the activity to education about approaches, ideas, views young generation to his mind in absorption education methods and tools awareness in life of them to gray use pedagogue k education in the process of the pedagogue skill important from the features one the fact that light up given.

**Keywords:** East thinkers, educational, moral, knowledge, level morality, prosperous life, treatment relationship.

## Introduction

As you know, the East wake up during spiritual - educational in the field the main issue is man problem was was That's why education issues big attention directed. To the east typical was of a person moral, spiritual maturity, oily level rising problem leader idea was Humanity, man glorify Mother of God to education about created of works main calculated. The same based on East thinkers including Yusuf Khos Hajib's "Qobusnoma", by Ahmad Yugnaki "Hibat ul-haqaiq" and another of scholars educational and moral in his works of a person spiritual to maturity when it reaches high to morality have to be science take over only on the basis of done increase possible said idea before pushed.

It's in the past great all of us are high level morality, morals lessons what they gave, homeland, people perspective, prosperous life is honest labor, science development, human labor, environment relationship about own their views statement by doing gave. M is like that great our alumni and Yusuf Khos Hajibni input can Yusuf Khos Hajib his own spiritual and moral views with present to the period and pedagogy to the field incomparable contribution double received take went from research manifestation obviously is happening Yusuf Khos Hajib society fate solution doer the most great from officials starting with the family up to members to each other was treatment relationship issues are also vital issues based on open will give. Allama great and small ones between behavior rules about the word driver that's it in time humility, greeting etiquette, requirements, rules are also recommended Yusuf Hos Hajib of a person real to maturity when it reaches mental and moral only from the side maybe not physical healthy from the side to be need emphasized. It's the same, everyone of a person different ceremonies, gatherings, meetings, parties himself how attitude, behavior to the rules

compliance reach is also important good dogs will give. Methods, styles statement reach with education first in history and big work as own instead of have Yusuf Khos We analyze Hajib reached this poem a person each bilaterally to maturity of delivery all issues his own artistic expression found big educational and moral epic. That's it for this too work his own scientific, educational, educational importance with incomparable work is considered. One East from all one Ahmed Yugnaki is considered educational and moral direction written Poem "Qutadgu bilig" justice, generosity, kindness in ul-haqaiq such as traits glorified, mature a person bring up Mother of God before pushed his work heritage by doing left by Ahmad Yugnaki his own a person to maturity deliver about views with pedagogical thought in development own instead of has a person maturity for important was mental and moral the rule and requirements in himself embodied "Hibat ul-haqaiq" in his work perfect a person of formation to himself typical system created then he is a person to maturity of delivery the most important criteria one of a person to knowledge have to be, to him mental education known as giving, then spiritual and moral to maturity deliverer the word manners in a person honesty, honesty, humility, sincerity, generosity, truly friend to be the most main conditions as describes B to them opposite was stinginess, cruelty, greed, deceit, haste such as vices condemn them bad consequences has shown. "Hibat ul-haqaiq" Poem the people, especially the youth spiritual to maturity invites, social in life people between problems harmony, goodness with solution greed, avarice, ignorance knowledge with eliminate to reach invite reached in the east wide spread out pandnoma in the style of written the most famous from the works one of Kaikovus "Qobusnoma" is his work. It is a work East pedagogical thought in development important place occupied "Qobusnoma" Poem didactic, philosophical work considered a person formation all sides own into received Kaikovus in child education demand with kindness together pay attention "A young child is a science with manners stick with learning, their discretion with do not learn but child rude if and your ul because of be angry if he comes, hold on with teachers stick with scary to children teachers manners let them give until from your children in mind grudge do not stay. "Qobusnoma" poem present moral even in the day value as young and the future generation spiritual and moral in the spirit in education important important have be is coming.

Summary by doing in other words, above thoughts in consideration take, young our readers empty at times such content works read own meanings essences that they get rich recommendation reached I would be joint in the day young readers for wide opportunities created, they wanted his works electronic winters of study possible and above our thinkers such as back to the country own contribution adding mature thinker allama be growing up outputs can.
